CASTONE-16

6. CASTONE-4: CASTONE-4 reported on 144 personalities during the past quarter. These reports included information obtained from labor offices, resident registration, alien registration, business registrations, and the records of schools and universities. In some instances his requirements entailed the procurement of pictures of personalities as contained in the files of various agencies. During the reporting period CASTONE-4, as usual, made several trips outside of Munich travelling to such points as Vienna, Erlangen, Augsburg, Salzburg, Linz, etc. CASTONE-4 continues to maintain contract with CASTONE-15 and CASTONE-16. However, due to reduction in the number of case officers in Munich, the names of East-bloc travellers have become of lesser interest and as a result CASTONE-4's contacts with CASTONE-15 will now be rather infrequent and will be carried on only at minimum expense. During the reporting period CASTONE-16 furnished information as requested on all students enrolled at one of the local universities. He also supplied a list of all foreign students enrolled there for each term.
